

KIPP-Resin remover for Sports floors (handball)

- Type of product:** Powerful special solvent for the extensive removal of resin soiling.
- Fields of application:** For all sports floors such as for Linodur, PVC, PUR, rubber, parquet etc. and for floors sealed with 2-K PUR Sealant W.
Can also be partially applied to sports and other kinds of equipment.
- Application:** Test in an inconspicuous area for possible reactions!
Dilute the resin remover with water in a ratio of 1-10 to 1-4 at the past (depending on the degree of soiling) and distribute it evenly on the floor. Leave it on the surface of the floor for 10-20 minutes, without allowing it to dry. Scrub the floor thoroughly with a one-disc-machine using a green pad. Remove the dirt and rinse well with clean water. Afterwards initial cleaning follows as usual. Floors coated with polymer dispersions must be retreated with sealant. Resin remover can also be used for manual cleaning.
- Consumption:** approx. 1-2 l / 100m²
- Package sizes:** 10 l
- Ph-Value:** Concentrated approx. 9,5 – in application concentration approx. 8
- Precautionary measures:** During application ensure a constant supply of fresh air at all times.
- Ingredients:** Content declaration according to the EU: not ionic tensides 5-15%
Other contents : alkalines, solubilizer, water-soluble solvents, non-volatile auxiliary products and scents
